

# Microsoft Viva Connections

## What is Viva Connections?

Viva Connections is your first step towards cultivating a modern, personalized, and meaningful work experience for every single employee, regardless of their role or location.

### Connect

Engage with news, resources, and communities that are relevant to you! Experience a personalized dashboard that displays not just what you need to see, but you want to see!

### Empower

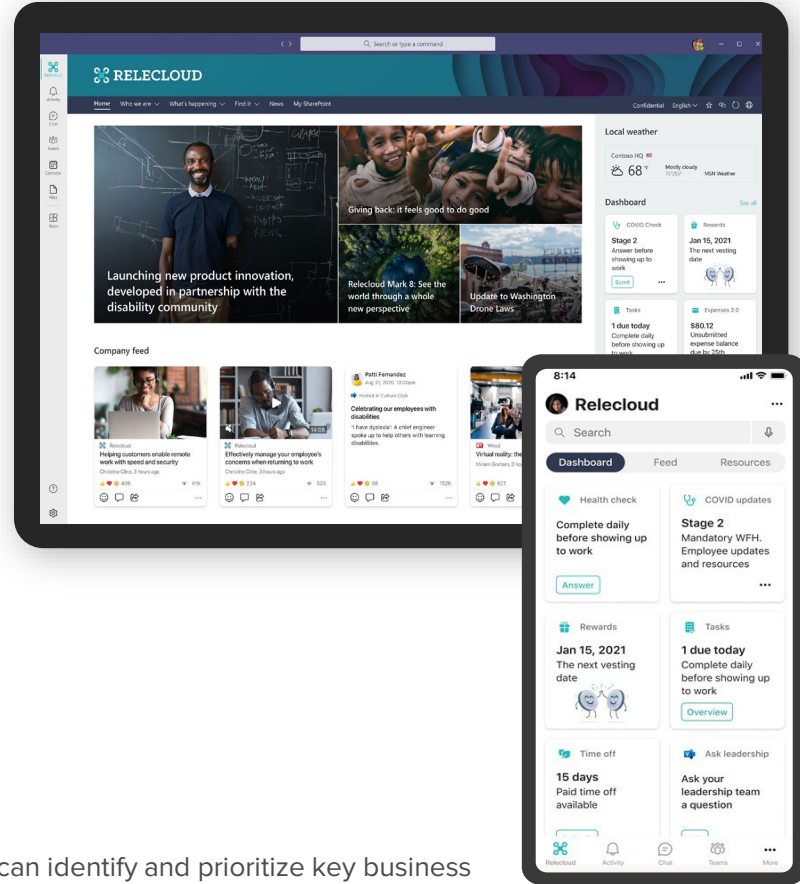

Leverage Connections to make a difference in your organization by collecting employee feedback and ideas.

### Align

Bring your company's vision, mission, and values to the forefront.

## How WM Can Help!

Let us walk you through the art of the possible! Together, we can identify and prioritize key business scenarios and help solve your unique challenges. At **WM Reply**, we can demonstrate opportunities to customize and extend your Teams workspace using the power of automation with our extensive solution development experience.

Advisory support for technical and adoption issues, roadblocks or anything across M365 and Microsoft Viva

Includes governance support, solutioning, adoption, training, communications, etc. Can apply to Yammer, Teams, SharePoint, Connections, Topics, Learning, Insights.

We can customize the effort in days/hours and cost to fit your needs – support can be used as needed over time

**Contact us today to get started!**
